

# Prayer Hall Renovation Fund-Raising

## **Sadaqatul jariyah - ceaseless charity**

The Masjid was established for one purpose and it is to provide a center for the worshipping of ALLAH. All activities in this building should always meet that objective. As such a prayer hall was established for Salaat. In recent time we've closed the Masjid due to inability to provide a comfortable environment to the community in the current state of the Masjid

### **The Problems:**

We occupied the building as-is due to financial constraint. The existing heater is very old and outdated. At present there is no Air condition available during hot summer months.

- On multiple occasions we are limited in the use of the Masjid as we had to close the building due to brutal climate condition.

### **Our Goals:**

- We want to make the Masjid available at all times and at any weather conditions. Installation of HVAC to control the room during summer when it is hot outside while also providing climate control environment in winter when it very cold outside.

- We are replacing the Windows with high quality energy efficient windows to eliminate the loss of energy.

- We are also insulating the Masjid wall and improve the aesthetics of the room with a beautiful finish.

Donate and/or actively participate in building of a Mosque are some good actions and deeds that which will outlive a believer.

**It will cost about \$65,000 dollars to complete the project, please donate to help.**

**Allah SWT says: "... and spend something (in charity) out of the provision which we have bestowed you, before death should come to any of you and he should say, o my Rabb! Why do you not give me respite for a little while? I should then have given (largely) in charity, and I should have been one of the doers of good." (Qur'an, 63:10)**

**It's time to take advantage of the period and gain Sadaqatul jariyah by donating now**
